

**DEPARTMENT OF ADMINISTRATION
PUBLIC RECORDS REQUEST POLICY AND FEE SCHEDULE**

I. Purpose

The purpose of this policy is to ensure consistent response to public records requests, whether in hard copy or electronic form; consistent fees; and protection of confidential information.

This policy does not override a right to privacy or matters of individual or public safety provided by the Montana Constitution, statutes, and rules addressing confidentiality, or other rulings addressing privacy and safety protections.

II. Scope

This policy is discretionary for agencies administratively attached to the Department.

Contact your supervisor, division administrator, or the Department's legal counsel if you have questions.

III. Processing Public Records Requests

- A. The Department will provide access to and/or copying of unprotected Department records.
- B. All public records requests made as a "Freedom of Information Request (FOIA)" or "Right-to Know Request" that are outside the normal course of business must be sent to the Director's Office for review. If in doubt, consult the Director's Office.
- C. All requests must be in writing and the requestor must provide a physical address. Names of individuals requesting public records are public information.
- D. Most public records requests require legal review. The nature of the request and the volume of work will be factors in deciding whether to charge legal fees, although it will be unusual to charge legal fees.

Department legal counsel may add a disclaimer to the release of information.

- E. The requestor must agree in writing to the estimated cost prior to work on the request starting.

If the costs are projected to exceed the estimated cost, the requestor must agree in writing to pay the new estimated cost before work continues.

Payment for records requests must be received by the Department and the check cleared prior to the release of the information.

IV. Protection of Records

The Department must maintain the integrity of original records. If requested records might be altered, stolen, or are irreplaceable, Department staff must supervise (no fee associated) the examination and copying of the records by the requestor.

V. Protection of Privacy and Safety

The Department will provide access to and/or copying of unprotected Department records. Records and materials that are constitutionally protected from disclosure are

not available to the public ([2-6-102](#), MCA). This is information where there is an individual privacy interest that clearly exceeds the merits of public disclosure, including legitimate trade secrets ([30-14-402](#)(4), MCA) and matters related to individual or public safety.

VI. Covered Charges and Actual Costs

- A. The Department may charge the requestor for filling public records requests ([2-6-102](#)(2) and [2-6-110](#)(2), MCA). These charges include, but are not limited to, copying of electronic or paper records; custom computer programming; research and analysis; services required of the State Information Technology Services Division (SITSD) including e-mail restores; and legal fees.
- B. The Department must recover expenses based on the actual cost of filling the public records request.
- C. Attachment A contains the Department's fee schedule for public records requests.

VII. Tracking and Recording Time and Expenses

Employees must report all time and expenses associated with public records requests to the Director's Office.

Employees should use the FOI - MT Right to Know timesheet code to record time spent filling public records requests.

VIII. Cross-Reference Guide

The following references contain provisions that relate to this policy; however, other laws, rules, or policies may apply.

- A. [Title 2, Chapter 6, MCA](#), Public Records Generally
- B. [30-14-402](#)(4), MCA
- B. Constitution of Montana, Article II, [Sections 9](#) and [10](#)
